MKTG Lab Sample

Seed4Growth - Print Specs

Seed4Growth is a fictitious wealth management company dedicated to nurturing growth alongside account holders.

Included in this MKTG Lab kit are samples that demonstrate a customer's journey from awareness through post purchase with added variability in both text and images. The samples begin with a Promotional Self Mailer inviting participants to begin investing, then a Traditional Fund Statement with the quarterly reporting, then a Dividend Check for the quarter pressure sealed by InfoSeal, and finally, an Annual Investment Summary with all the earnings for the year laid out for the individual.
